PROUDLY PRESENTS  
TOP-SHOT  
SERIES

## **INTRODUCTION**

TOP-Shot is the solution to effective bird scaring in height ranges of 50 - 230 meters.

For more than a decade, Topmark Trading ApS has delivered scare shots to airports and has always met the need for a product that reaches a higher altitude to scare geese - and finally, the product is ready!

The TOP-Shot Series is our own developed and Danish-produced UN 0014 approved scare shot concept for increased security in airports. Currently in use in Danish military and civil airports.

With quality and safety in mind, the TOP-Shot Series' three variants ranging 50 - 230 meters ensures a high performance for all situations in a cost-effective way.

Topmark Trading ApS has approvals from the following Danish and foreign authorities in relation to manufacture, trading, storage, import, and transport classification: the Ministry of Justice, the National Police, the Danish Emergency Management Agency, the Danish Safety Technology Authority and the Swiss Safety Center AG.

**... We have  
the solution**

## TOP-Shot - why?

Some of the advantages of using the TOP-Shot Series are:

- > Highest range on the market; 230m
- > UN 0014 transport approved
- > Reduced shipping cost
- > Internal shipping significantly easier
- > Variety and range increase the effect
- > Significantly reduced noise and recoil
- > Avoid clogging - minimal gunpowder
- > Reduced wear and tear on pistol
- > Can be fired at 30°
- > Safety first - no live rounds

*"It can be hard for the ears to fire up to 200 shots with 9mm" - Norwegian Bird Control*

The TOP-Shot series does not use black powder as a propellant. It provides a better working environment due to significantly less gunpowder sludge and noise.

### Product details

TOP-Shot variant	Range / effect
Supreme Range (SR)	230 m / bang
Extended Range (ER)	130 m / scream + bang
Long Range (LR)	50 m / bang
UN 0014 / 1.4S	Cartridges for weapons, blank

## The solution

The TOP-Shot series is fired from a 26.5mm signal pistol with an insert in caliber 10, 12 or 20 depending on the desired shot. We recommend our TOP-Suitcase containing:

- > TOP Gun, 26,5mm Signal Pistol
- > Insert for TOP Gun i cal. 10/12 and 20.
- > Cleaning kit, complete w/ rods etc.

TOP-Shot Series range

### Product details

### Content in box

(LR), cal. 20 (50 meters altitude) 490 units/box

(SR), cal. 10 (230 meters altitude) 150 units/box

(ER), cal. 10 (130 meters altitude) 150 units/box

Mixbox (total weight 8,4kg, NEQ 1,8kg) Content:

(LR) = 196 + (SR) = 50 + (ER) = 50 296 units/box

## Supreme Range (SR)

TOP-Shot Supreme Range (SR) is our highest-flying scare shot with a unique range of up to 230 meters.

Developed with the purpose of scaring geese and birds in higher altitudes, that are not affected effectively by other solutions.

- > Scares effectively with a loud bang
- > Range of up to 230 meters
- > Available in caliber 10 and 12
- > UN 0014 transport approved
- > Suitable for use on runways
- > Significantly reduced noise and sludge
- > Safety first - no live rounds

The remnants are small pieces of paper and cardboard that dissolve over time.

Delivered in UN 0014-approved boxes with 150 units.

### Product details

1 box of 150 consists of 3 innerboxes with 50 units

NSN, caliber 10 1370-22-635-8113

Weight / NEQ pr. unit 26,9 g / 7,42 g

Total weight / NEQ pr. box 7,5 kg / 1,1 kg

UN / classification UN 0014 / 1.4S

## Extended Range (ER)

TOP-Shot Extended Range (ER) is our screamer version with loud scream effect during ascent before bang effect at a height of up to 130 meters.

Developed with the purpose of scaring geese and birds in higher altitudes, that are not affected effectively by other solutions.

- > Efficient and high scream + bang effect
- > Range up to 130 meters
- > Available in caliber 10 and 12
- > UN 0014 transport approved
- > Suitable for use on runways
- > Significantly reduced gun powder sludge
- > Safety first - no live rounds

The remnants are small pieces of paper and cardboard that dissolve over time.

Delivered in UN 0014-approved boxes with 150 units.

### Product details

1 box of 150 consists of 3 innerboxes with 50 units

NSN, caliber 10 1370-22-635-8115

Weight / NEQ pr. unit 26,9 g / 7,42 g

Total weight / NEQ pr. box 7,5 kg / 1,1 kg

UN / classification UN 0014 / 1.4S

## Long Range (LR)

TOP-Shot Long Range (LR) is our all-round and cost-effective scare shot with a bang effect at a height of 50 meters.

Developed with the user's safety in mind. Caliber 20 shots and inserts are reduced so live rounds can not be inserted.

- > Scares effectively with a loud bang
- > Range of up to 50 meters
- > Cost-effective all-round scare shot
- > Caliber 20
- > UN 0014 transport approved
- > Significantly reduced noise and sludge
- > Safety first - no live rounds

The remnants are small pieces of paper and cardboard that dissolve over time.

Delivered in UN 0014-approved boxes with 490 units.

### Product details

1 box of 490 consists of 5 innerboxes with 98 units

NSN, caliber 20 1305-22-632-2647

Weight / NEQ pr. unit 14,1 g / 5,6 g

Total weight / NEQ pr. box 8,5 kg / 2,74 kg

UN / classification UN 0014 / 1.4S
