### **Extended Range (ER)**

TOP-Shot Extended Range (ER) is our screamer version with loud scream effect during ascent before bang effect at a height of up to 130 meters.

Developed with the purpose of scaring geese and birds in higher altitudes, that are not affected effectively by other solutions.

- > Efficient and high scream + bang effect
- > Range up to 130 meters
- > Available in caliber 10 and 12
- > UN 0014 transport approved
- > Suitable for use on runways
- > Significantly reduced gun powder sludge
- > Safety first no live rounds

The remnants are small pieces of paper and cardboard that dissolve over time.

Delivered in UN 0014-approved boxes with 150 units.
